3. Application Content & Module Updates Needed

Specific JSON seed updates and component refactoring instructions required across the 14 major feature modules.

A. Legal & Scenarios Module (*The Verdict* & Library)

- **Legal References:** Replace Zimbabwean Acts (e.g., Dangerous Drugs Act [Cap 15:02]) with Botswana's **Drugs and Related Substances Act**, **Penal Code (Cap 08:01)**, and **Liquor Act**.
- **Quiz Content:** Refactor scenarios in *The Verdict* game to reflect Botswana Police Service (BPS) procedures, magistrate court structures, and local sentencing frameworks.

B. Vernacular, Language & Games

- **Title Adjustments:** Replace Shona titles with Setswana equivalents (e.g., replace *Chokwadi Kana Nhema* with *Nnete kapa Maaka* for Truth or Lie).
- **Slang Encyclopedia:** Update the Street Name Quiz and dictionary datasets with Botswana youth slang terms (e.g., *nyaope/unyaope*, *mooko*, *dijo*, *maratagole*, *chibuku*).

C. Educational & Administrative Databases

- **School Directory:** Replace the Zimbabwean database with Botswana's Ministry of Basic Education school registry categorized across Botswana's 10 administrative districts (e.g., South-East, Kweneng, Central, North-East).
- **Regional Mapping:** Update GPS facility matching to default to Botswana regional centroids (Gaborone, Francistown, Lobatse, Maun, Kasane).
